# MANIDHAR PATI

Machine Learning Engineer | +91 8008106844 | manidharmanidhar2@gmail.com

## PROFESSIONAL SUMMARY

Senior ML Engineer (3+ YOE) building end-to-end production systems on AWS/Docker. Delivers automated solutions, optimizing revenue and reducing risk at scale. Expert in Python, MLOps.

## PROFESSIONAL EXPERIENCE

* Architected and deployed an end-to-end ML production system on AWS using Docker, automating critical business decisions and optimizing [revenue/efficiency] by [X%].
* Engineered robust MLOps pipelines, leveraging CI/CD and Docker for scalable model deployment, reducing inference latency by [X%] and operational overhead by [Y%].
* Developed and optimized advanced ML models to tackle complex [e.g., anomaly detection] problems, improving prediction accuracy by [X%] and mitigating [Y%] of operational risk.

## EDUCATION

Bachelor in Business Management - MIS | 2021

## SKILLS

Python, SQL, AWS, Docker, Kubernetes, TensorFlow, PyTorch, Generative AI
